Student Population — 551

This lively group of Seniors has their sights set on winning the spirit stick as they fill the air with a rah-rah-rah.

William Hallman, Rob Hindman, Travers Pruitt, Darrell Nalls, and Quincy Nalls enjoy making new friends.

Mandy Aldridge has her sights set on attending the University of Alabama, but she has her immediate sights set on finishing her homework.

To get through the stress of school, Elizabeth Beauchamp and Dana Porter enjoy friendly gossip during break.

AS THE 94-95 SCHOOL YEAR STARTED, STUDENTS WERE **Setting Sights**

FOR THE BEST YEAR EVER.

As the first day of the school year arrived, some students just wanted to get back into the swing of things, and others just wanted to get the day over with as soon as possible. Everyone had their sights set on seeing old friends, and making new ones. The Seniors, so happy it was their last year, had their sights set on what to do after graduation.

But something was missing on that first day of school. Something that could only be cured by a pep rally. Everyone was ready for the first one, not only to get out of class, but to show who had the most spirit. The students of FCHS have always been blessed with the ability to make noise, and that is just what we did. No matter what your intentions were at the beginning of the year, in the end, you can leave this year behind knowing that you did your best. You can also begin another year, and set your sights a little higher.

MUCH LIKE SCARLETT O'HARA,
MANY STUDENTS AT FCHS HAVE
ADOPTED A PLAN OF **Procrastination**

What is procrastination? Webster's Dictionary defined it as putting off doing something until later; to postpone things. Scarlett O'Hara was known for that same attitude of "I'll think about that tomorrow". Many

students have adopted that same idea. Procrastination seemed to be a very contagious disease. Some examples of student procrastination were as follows: not doing your homework until homeroom the morning that it

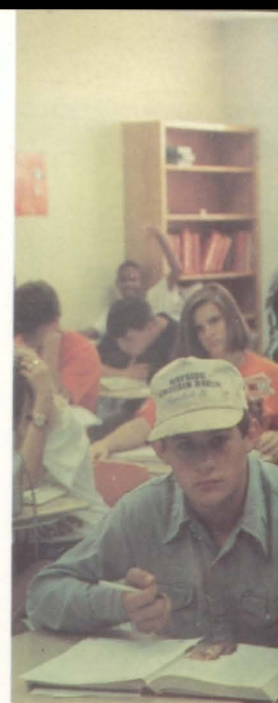

was due, not doing your summer reading (which FORCED you to use those Cliff's Notes!!!), or putting off studying for a test until the day you had to take it. Being a procrastinator was not the best quality

**There's a little
bit of Scarlett
in each of us.**

to possess, but unfortunately there seemed to be a little bit of "Scarlett" in each of us.

EXCUSE: "I couldn't do my homework last night because my brother had the TV on so loud I couldn't concentrate."

Some members of the Freshman class have not learned that work comes before play.

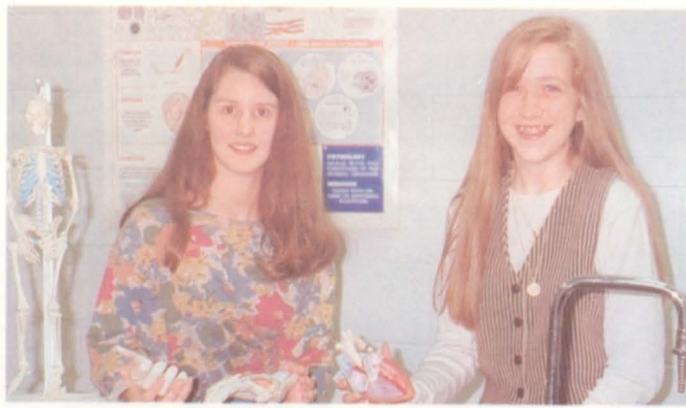

Robert, Dana, and Andy always put off doing their work for one more minute of sleep.

Waiting until the last minute to get homework done is unfortunately a trait that many students have. If there wasn't time before school, during break and lunch some "homework" would not get done.

A medical profession is definitely in the future for Mandy Wilkinson and Jennifer Ham.

AS STUDENTS PREPARE FOR LIFE

MANY LOOK INTO THE **Foreseeable Future**

to find out what their destiny will be.

As the school year comes to an end, there are many decisions to be made. Seniors have already made decisions as to what they will be doing in the future. While surveying FCHS students, we discovered that Seniors aren't the only ones who have already made decisions about their future.

According to our survey 53% of the student body said they would still be in college ten years from now, while 47% hoped to be out of college. When thinking about your future, one thing you should consider is what your profession will be. We discovered that 95% of FCHS students have already decided what they want to be after college, only 5% have no idea.

If you do not know what your destiny will be maybe you will discover it before long. Perhaps you will find out as we did that many students see the same thing in the foreseeable future, the hopes and dreams of graduating.

Beth Cash
Lesley Fulmer
Dana Porter

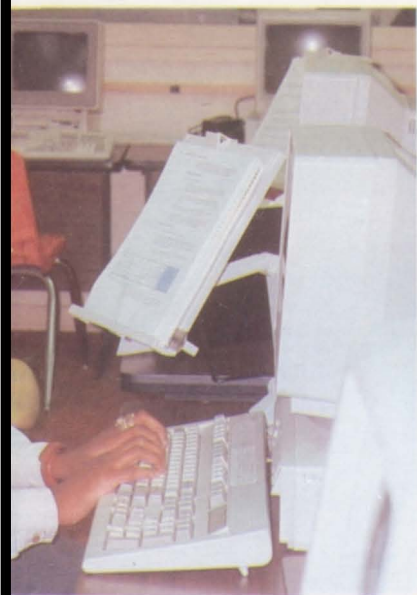

Chad Gilreath, Matt McCaa, and Neil Hindman see farming in their future.

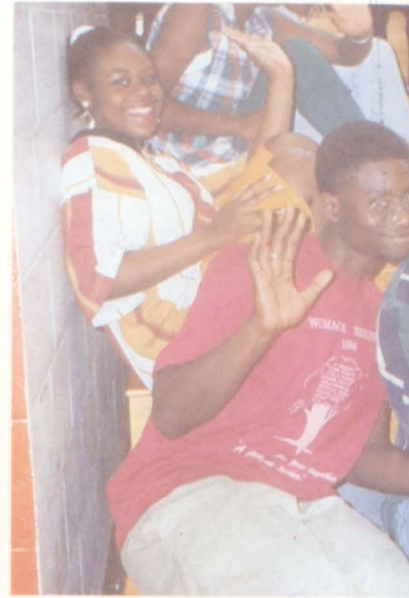

Chris Johnson has already started preparing for his future as a musician.

Monica Cannon works hard to develop her secretarial skills.

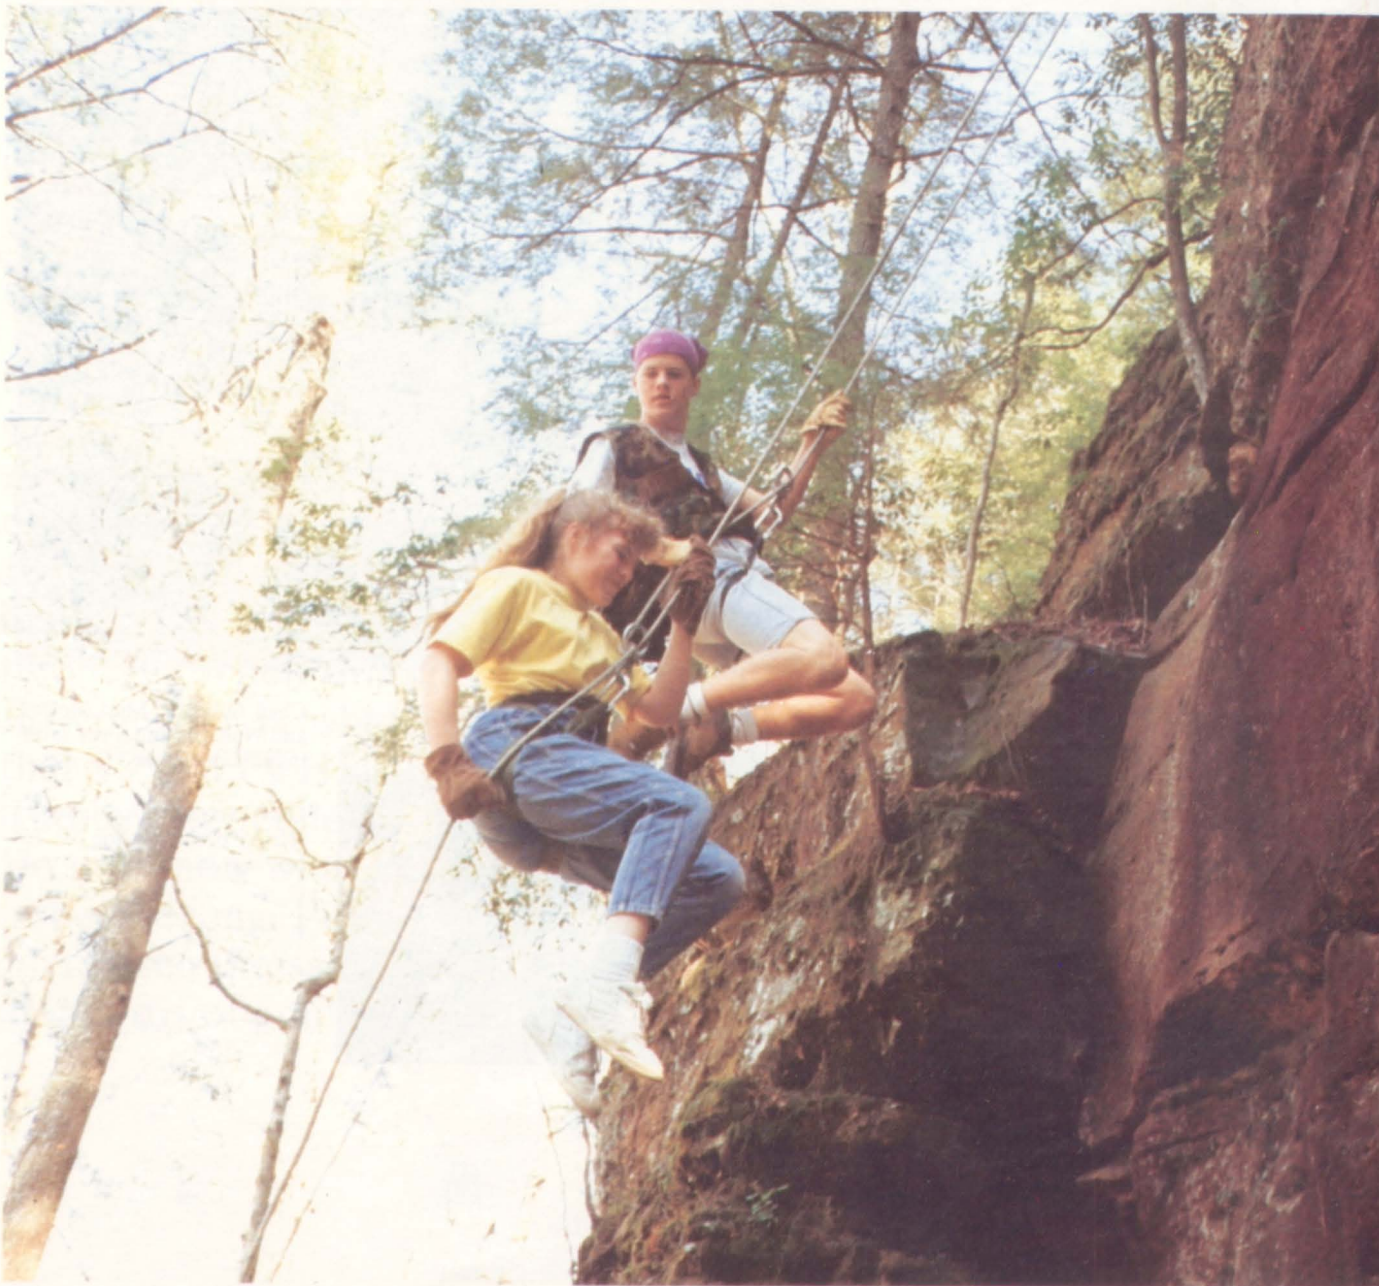

Kim Sparks, Willie Savage, and Chris Nalls attend intramural basketball games to get out of class.

Hunting is Brian Sweatt's favorite way to spend time outside of school.

Heather Johnson and Dusty Minor enjoy rapelling with their youth group.

CONTARY TO POPULAR BELIEF

IT IS POSSIBLE TO HAVE A

Life Outside the Classroom

All students of FCHS have one thing in common, we attend school. For many that is the only thing we have in common. After school our lives turn in very different directions. Some are so caught up in sports even in their free time they play tennis, volleyball, soccer, or go bowling. Some enjoy getting into the great outdoors by hunting, fishing, camping, hiking, riding horses, or (for those who live on the edge) repelling. Then there are those whose idea of outdoor life is driving their truck through the biggest mudhole they can find. There are those physical fitness buffs who have to walk twenty miles or work out for eight hours every day. Many of the students work hard after school or on weekends to pay for the essentials such as pictures, lunch, or a new BMW. FCHS students make up a very active society, but there are still those who wouldn't get exercise at all if the refrigerator was beside the recliner.

Lori Olive
Heather Johnson
Amanda Perkins

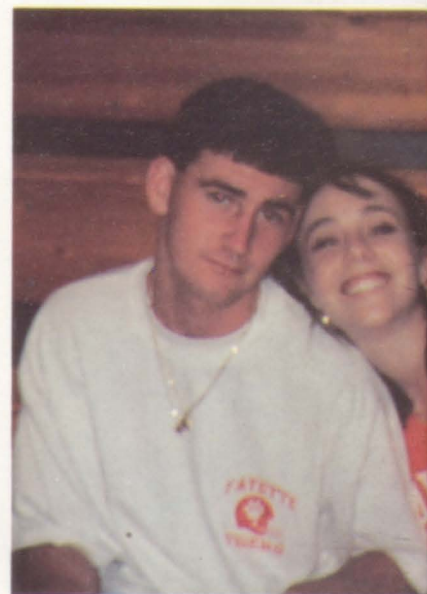

Andy Shelton, Chris Johnson, Adam Canterbury, and Jason Cook enjoy playing tennis after band practice.

Chad S., Mark, Chad T., and Brian were caught discussing their dating plans for the weekend.

These studs — Joey, Neil, Brad and Luke — are always available for a date.

Jamie and Scott love spending time with each other.

Throughout the halls of FCHS these couples were always found together.

AS THE WEEKEND ROLLED AROUND
THE MAIN THING ON EVERYONE'S MIND
WAS **Dating**

No matter what you do or where you go if you're with the right person you'll always have a good time. For most people at FCHS dating was a weekly event. A random survey showed most students started dating at age 15. Obviously there were a lot of parent chauffeurs.

Even though there was so much to do in the BIG town of Fayette, most couples chose to go out of town. Having a curfew later than 11:00 P.M. allowed dates to go to Tuscaloosa, Jasper, or Columbus for an evening of fun and excitement.

Given the choice of dating around or dating seriously most students preferred to date seriously. One student stated when you date seriously you don't have to worry about trying to impress your date because you know they like you for who you are.

Dating can be fun, but it can also be annoying. When you find the right person your dating life can be great. If you haven't found that special someone, keep looking. You never know where he or she may pop up!

CLASSES

People describe things in many different ways, each person giving his own special twist to the description. The students of FCHS were asked to describe this year with one word, and these were their responses:

cheesy
stressful
hectic
boring
demanding
screwy
pathetic
generic
retarded
stupid
exhausting
exciting
and just plain hard

As you can see, many opinions were given about this year. Whatever your opinion may be, memories were made this year that will last a lifetime.

BATTLE BETWEEN THE SEXES

Everyone has his own *pet peeves*, but nothing gets on some people's nerves more than the opposite sex. The way they walk, talk, sit, or just breathe sometimes gets on your last nerve. The following is a list of things that ticks off the opposite sex according to a survey we conducted.

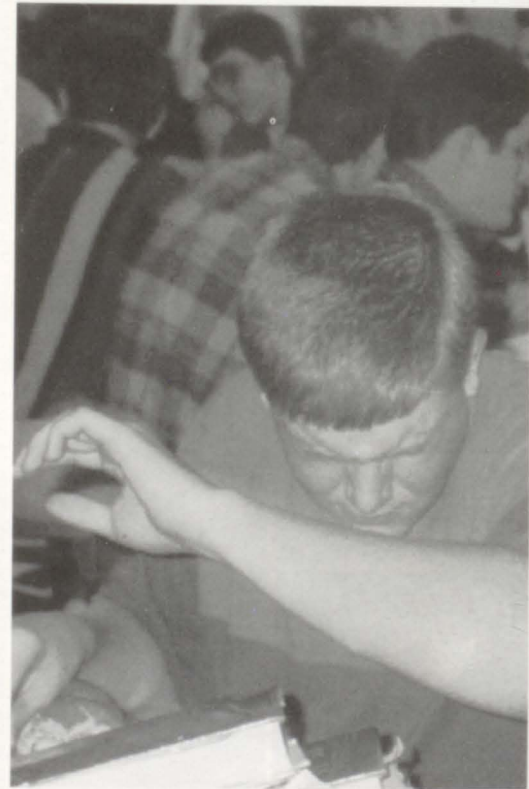

Girls

1. They act cocky
2. Their pimp walk
3. Jealousy
4. Not opening the door for you
5. Getting mad over nothing
6. Poking you in the sides
7. Staring at you
8. Slamming your locker shut
9. Flirting with other girls

Boys

1. Putting make-up on all the time
2. Constantly fixing their hair
3. Jealousy
4. Whining about everything
5. Wanting to be with you 24-7
6. Dye jobs that don't work
7. Fake smiles and laughs
8. Flirting with other guys
9. Wearing clothes that are too tight

We could have gone on forever, but unfortunately we don't have enough time or space. The next time a member of the opposite sex does something to tick you off, look in the mirror you might have a few faults of your own!

Todd can't stand to have his picture taken while he is eating.

WHAT IRRITATES YOU ABOUT THE OPPOSITE SEX?

Natalie and Emily getting free concessions at the baseball game.

As a freshman did you ever notice that there was nothing to do? After surveying some of the Freshmen class we found that most turned on the tube for entertainment. Most enjoyed watching MTV or CMT. When they were not watching those channels they flipped over to Saved By The Bell reruns. On Wednesday nights they were found watching new episodes of 90210.

On the music side of entertainment most Freshmen listened to either country or R&B. Freshman Josh Rogers was quoted saying "death to country," because he just loved heavy metal. Kellie Trimm said, "I love country because rock-n-roll just drives me crazy!" There were many diverse opinions ranging from heavy metal to jazz. This just showed how unique this Freshmen class was.

You can always find friends among the Freshmen class.

MUSIC

I listen to rock and roll because my ex-boyfriend listens to it.

Christy Langley

I listen to pop because it's so cool.

Ben Barrett

Susan Willfams can't wait to get home.

Supervising the Future

FACULTY

The faculty of FCHS is unlike any other. It is made up of teachers who are willing to do whatever they can to help their students learn. With a faculty of this caliber the students of FCHS shine.

The faculty has many responsibilities: these include filling out grade sheets, keeping up with absences, and making and grading tests, not to mention sponsoring clubs, serving on committees and helping raise money. Many times the students do not realize the time and effort that teachers devote to helping them be successful in life.

PRINCIPAL RADFORD HESTER

Connie, Radford, Leigh, Gabe,
and Dean Hester

Seniors of 1995:

Congratulations on the completion of your high school years. I wish each of you much success and good fortune in your future years. As Albert Schweitzer said long ago, "I don't know what your destiny will be, but one thing I do know: the only ones among you who will be really happy are those who have sought and found how to serve."

As we move on to write the next chapter in the history of Fayette County High School, I have no doubt whatsoever that your generation will remain committed and carry on the great legacy of former Fayette County High School students.

As you recall fondly your high school friends and memories, remember this short poem by W.B. Yeats' entitled:

Loyal Friends

Think where man's glory
most begins and ends
and say my glory was I had
such friends.

That is our name
We are the Tigers
Destined for fame.
Our team's great
And so's our school.
We strive for greatness
That's our rule.

Tigers let's go;
We're number one.
We'll have the spirit
Till we have won.
Go Fayette Tigers
For the win.
We'll be with you
'Til the end.
Go!

“A Look Inside”

The Tigers didn't have a spectacular season, but in the words of Brian Barrett, “the team played with heart.” No matter what the challenge, the Tigers stood up with courage to overcome difficult obstacles.

Fayette's first victory was a come from behind win against Winfield.

With a strong defensive stand, the Tigers stopped Winfield's drive, late in the 4th Quarter to seal a 27 to 20 victory. Fayette's second win came when the Tigers played a great game and were able to substitute younger players for experience. Fayette won 30 to 15.

Cullman, an area game, was Fayette's next stunning victory. The Tigers clinched a playoff spot with the 26 to 7 victory. This locked up Fayette's 7th straight appearance in the playoffs. It was also the Tiger's first win at home. Fayette's last win of the season was at Homecoming against the Gordo Greenwaves. The Tigers' pulled off a 14 to 7 win. In the playoffs, the Tigers gave Etowah a good scare, but fell to the Blue Devils 28 to 7. With this being the final game of the season, we bid our seniors farewell and say “Go Tigers” to our upcoming stars.

The Tiger defense makes a great stop against the Gordo Greenwaves!

The show choir had many challenging performances this year. Over the past few years the Show choir has turned into more of a concert choir. An outstanding performance of selections by Handel's Messiah was found to be the most challenging and enjoyable performance of the year. It was a wonderful experience for everyone.

As the year progressed, the group performed for the Veteran's Day Assembly, Music Study club and ADK Teacher's sorority. The annual Christmas and Spring show turned out to be a great success. The Show Choir also went to district and state competition.

The Show Choir was a group of talented students who worked hard to have a successful year.

SEE YOU NEXT YEAR

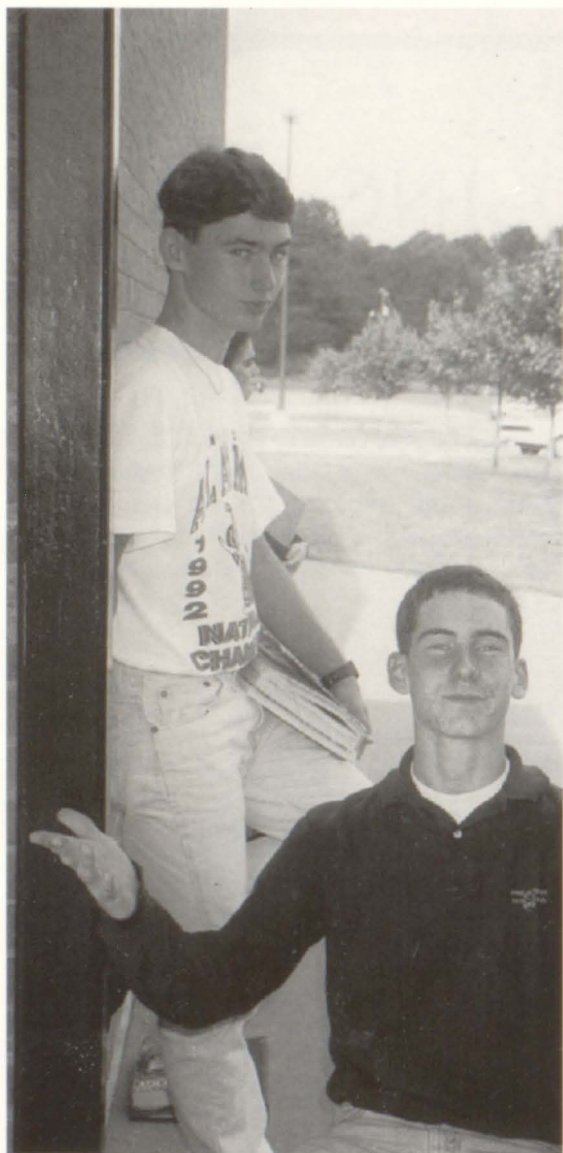

CLOSING

As the 94-95 school year came to an end, the students of FCHS said good-bye in their own special ways. Some laughed, some cried, and some (seniors) rejoiced. No matter how you said good-bye, or who you said it to, everyone was saying — “see you later”.

The

FINAL

Look

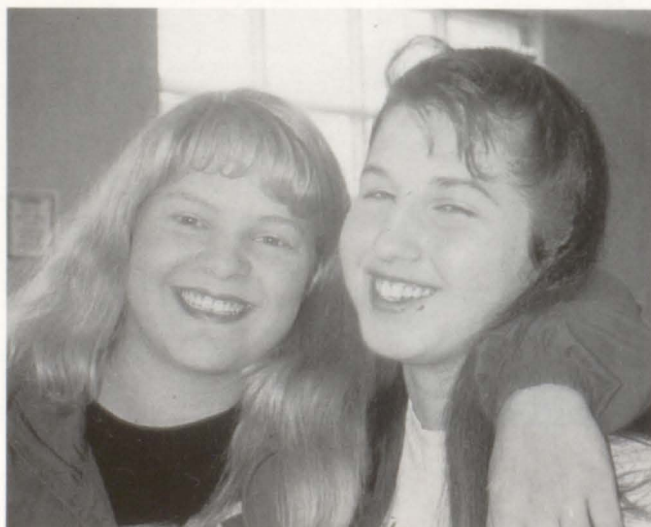

Just like "E.T." Ryan Strickland is phoning home.

John, Stephen, Paul, and Robert look like they are ready to go home for the summer.

Bill Sullivan and John Welsh are willing to beg someone to take them away from school.

Julie Burrage and Beth Oswalt won't say good-bye, they'll say "see you next year".

You really can't tell if this is a summer band practice, not by looking.

Travers Pruitt is hangin' around 'till the last day of school.

Shelly Bobo and Jill Fowler look like they will be getting even over the summer.

Some seniors enjoy goofing off during their last days of break.

One of our own Mookie Moore signs with the University of Alabama.

We're seniors, worship us?

WE THE CLASS OF '95!

FOR THE SENIOR CLASS OF 1995 “THE TIME HAS COME” TO SAY GOOD BYE.

THE TIME HAS COME

The time has come as the days draw near
to set off now into the future we peer
to catch a glimpse of what may be
as we bask in the vision of a memory.

The time has come for us to give thanks
to the ones who helped pave the roads we make.
To them we are grateful for their love and care.
For that will ease the burdens we bare.

The time has come to take one last look
at the accomplishments we've made with chances we took,
at the friends we had and the ones we will find,
never leaving our thoughts of them behind.

The time has come but it went by so fast.
The days are gone that we thought would last.
Laughing, talking, crying with our friends,
though we end this phase, a new one begins.

The time has come for us to leave
For as one and separately we all succeed.
We will always stand strong and proud to strive
For we are the class of 1995.

You Are The Best Friend
I've Ever Known

Ginger
Elizabeth
Robbins

You are my best friend.
You listen to what I have to
say,
no matter how unimportant.
You listen without judging;
you give your opinion when
asked.
You listen wholeheartedly,
without distractions.

You are my best friend.
You care about me,
about who I am,
where I am going,
what I am doing.

We complement and complete
each other.

You give so much of yourself
to me and to others,
without ever expecting
more in return.

You are my best friend,
and you'll always be
a part of my life.

We love you!
Mom, Dad and
Brad

We've shared a lot together;
We've walked a common road.
In these few precious moments
We've carried each others loads.

We can't foresee the future
Or know how our lives will blend,
But more and more we know
That we have found forever friends.

We love you!

TO ANDY

In our short journey through these few years,
 There have been many laughs and a few tears.
 But through it all, we always say,
 "Thank you, God, for sending such a wonderful
 son our way."

You have always made us very proud;
 You seem to be our bright lining to each passing
 cloud.
 You have many talents — among them, you can
 sing,
 And we feel very confident you can face whatever
 the
 future may bring.

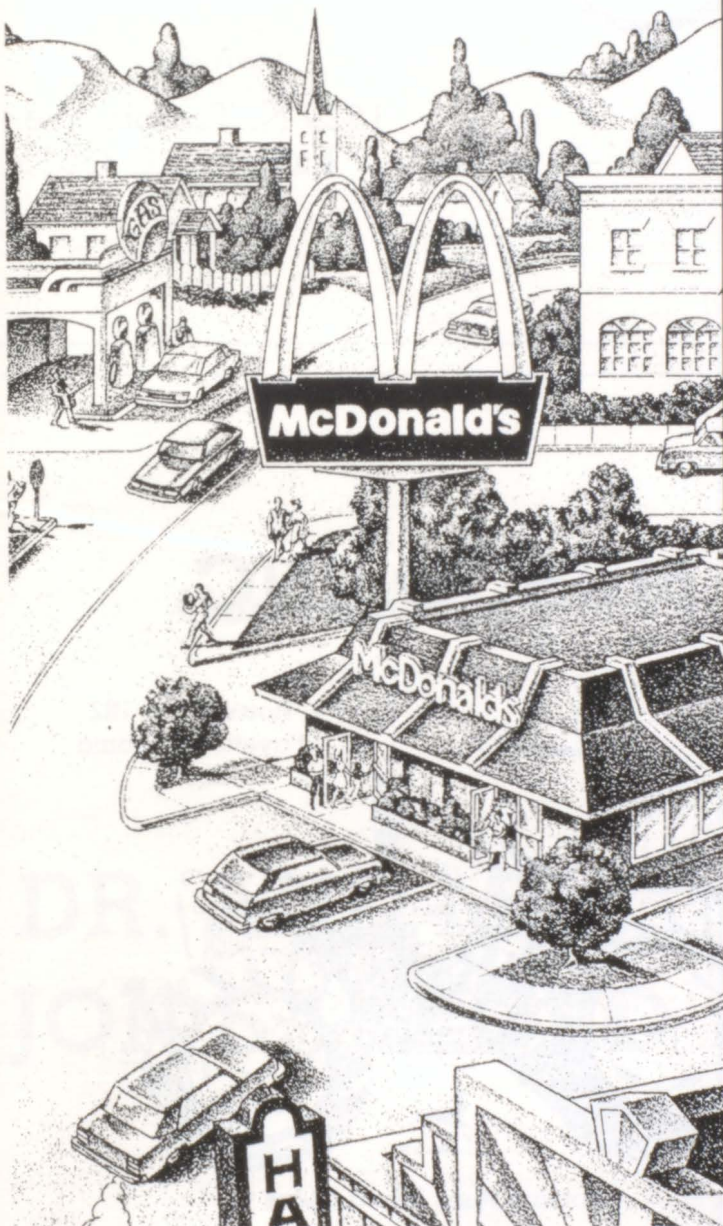

Your smile can light up any room . . .
 Your graduation, for us, has come much too soon.
 As you go forth in life and live,
 Remember, Andy, what we give:

Our eternal love,
 Mom and Dad

Congratulations upon your graduation from high
 school!

We're close by, right on your way[®]

On your way around town today,
look for McDonald's[®]. We're always close by.
Just remember, good food and good
fun are right on your way every day.

Congratulations
We Love You!
Mom, Dad,
and Kevin

From the Editor's Perspective

As the 1994-1995 school year comes to an end, I can't believe that my year as Editor is over. As a proud member of the Class of 1995, I wanted to create a book of wonderful memories that is unlike any other. With the help of the talented ECHO staff, I think we accomplished our task.

I would like to thank my staff for helping me create this book. Each and every member worked not only in class, but also took their pages home to make sure that they were as good as they could be. And even though we had our problems, the end result couldn't be better. I would also like to thank Misty for keeping me from going crazy and Mrs. Hamner for helping us all keep our feet on the ground.

To the students and faculty of FCHS, I would like to say thank you for giving me the opportunity to serve as Editor. Without you, I could never have done my job. You helped to create memories that will be cherished forever. Thank you and God bless you all.

Brad Porter

Misty Bebo

As the 1994-1995 school year comes to an end, I believe that the ECHO staff accomplished its goal — to create the best ECHO ever. When we began this year we had many new and exciting ideas. We took those ideas and did just what we planned, we created the best ECHO ever.

I would like to take the time to thank the ECHO staff for doing an outstanding job. Their hard work and dedication paid off. I would also like to thank Mrs. Hamner for her help over this past year. Last but certainly not least, I would like to thank Brad for all of his hard work. Without him we all would have gone crazy and the ECHO would not be of the caliber that it is.

I would like to extend a special thank you to the faculty and students for giving this year's staff the ideas that made our yearbook great. I hope you enjoy the history we help create. Thanks again and may God bless you all.
